

Meet FJ Hartnoll & Sons

Hartnoll & Sons is a farm based in Braunton, less than 11 miles from us! The farm David owns is a family farm business that has been running for over 600 years! The main crop he grows are potatoes, veg & asparagus as well as having cattle too. He is very lucky to have his farm near the burrows as the sandy soil is extremely fertile!

David has been supplying Johns for over 10 years now which are extremely grateful for!

since 1985, with multiple generations contributing to its success. Avery's farm has a wide range of crops, including cauliflower, broccoli, cabbages, broad beans, new potatoes, and brussel sprouts, among other varieties.
